

CANCER SURVIVORSHIP - a Medical Milestone and a Human Triumph!

June is Cancer Survivors Month - a time when we honor every individual who has faced a cancer diagnosis and is fighting to reach the other side.

Thanks to extraordinary advancements in cancer research, treatment, and personalized care, survivorship is on the rise. What was once a distant hope is now a reality for millions. More and more patients ring our Bell of Hope as they finish treatment and take that deep breath that says, "I made it."

However, we know the journey doesn't end there.

At HOA, we are proud to offer a formal [Cancer Survivorship Program](#) that is a dedicated support system designed to help our patients navigate the "What's next?" phase of their journey. Survivorship brings new questions, new challenges, and new goals. Our team is here to provide guidance on long-term health, emotional well-being, surveillance planning, and lifestyle strategies for thriving beyond cancer.

If you or a loved one has completed cancer treatment and not yet had a survivorship appointment, please ask

your provider to schedule one!

To all survivors:  
We see you, we celebrate you, and we walk beside you as you build your future!

Tune in to WSYR-TV9's Bridge Street program on June 19 at 10 a.m. to watch our Dr. Jeffrey J. Kirshner talk all about cancer survivorship.

Celebration & Cancer Survivor Recognition Ceremony with the Auburn Doubledays

Plus, everyone is invited to help us honor survivors at our 5th annual Cancer Care Celebration with the Auburn Doubledays on Saturday, July 12 at Falcon Park - 130 N. Division Street, Auburn, NY 13021.

Gates open at 6 p.m., and the game begins at 7 p.m. after the recognition ceremony for cancer survivors. There will be a gift for the first 500 guests and a separate gift for each cancer survivor.

While the event is free, tickets are required and can be obtained by:
