

Hematology-Oncology Associates of CNY

Personalized cancer care –
when you need us, where you need us.

Welcome Dr. Iqra Choudary!

We are pleased to announce Iqra Choudary, M.D., a board-certified medical oncologist and hematologist, has joined our team in a full-time capacity in our Auburn location.

Having most recently practiced rural cancer medicine in Northern Maine, Dr. Choudary said she is looking forward to continuing to serve patients in a smaller community. She also is happy to be closer to her family in Toronto, where she was born and raised.

HOA BUZZ WORDS

Oncology Medical Home:

HOA serves as an Oncology Medical Home (OMH), which means all care plans center around what is best for the patient. With an emphasis on quality of care versus quantity, Oncology Medical Home patients generally experience lower costs, higher satisfaction, reduced medical errors, and are better-informed.

Current treatments for brain cancer, including CyberKnife®
