

You're invited...

Please [register](#) to join us Tuesday, April 16 for a free event - dinner and a discussion about colorectal cancer prevention and treatments! Our medical oncologists, Dr. Santosh Kumar and Dr. Steven Duffy will be joined by local gastroenterologist, Dr. Christine Granato from [Associated Gastroenterologists of CNY](#) to share their expertise and answer your questions. Feel free to bring friends, family members and co-workers to join you. You can either register them [here](#) or have them register at [hoacny.com/forum](#).

Welcome Girish Trikha, M.D.!

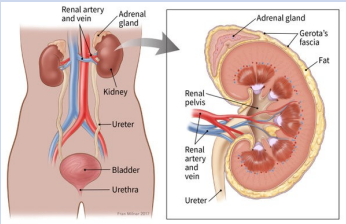

Dr. Girish Trikha is a board-certified pulmonologist who has joined our practice to support our [Thoracic Cancer Care Program](#). He works closely with our multidisciplinary thoracic team of medical oncologists, radiation oncologists and thoracic surgeons (from Upstate University Hospital.) Dr. Trikha also is providing our patients with in-house pulmonary function testing and IV pulmonary therapies.

In addition to his board certification in pulmonary medicine, Dr. Trikha is board-certified in Internal Medicine, Critical Care Medicine and Sleep Medicine. You can learn more about him by [clicking here](#).

The HOA Patient Newsletter

Each month we mail the patient newsletter to all the patients and loved ones whose email addresses are in our system. If at any time you do not wish to receive this newsletter simply click the unsubscribe link at the bottom of this document. You will then no longer receive the newsletter. But, don't worry, we will still maintain your email address in our records, and use it for your patient portal communications. You simply won't receive the newsletter.

March is Kidney Cancer Awareness Month

Kidneys are small bean-shaped organs located in the upper back wall of the abdomen. These organs remove excess salt, water and waste products by filtering the blood coming in from the renal arteries, turning it into urine. The kidneys also help to control blood pressure and create a hormone (erythropoietin) that stimulates the bone marrow to make more red blood cells.

To learn about types of kidney cancer, symptoms and treatments [click here](#).

Do you know anyone who wants to be a cancer care nurse?

Please send them our way! They can apply at [hoacny.com/careers/openings](#)

In addition to having quality time with patients, HOA nurses' schedules have no nights, no weekends and no call!

with Dr. Santosh Kumar
