Expert IV Medication Services, **CLOSE TO HOME!**

HOA's certified medical infusion nurses offer EXPERT, SAFE, CONVENIENT care for all IV medications, including those for:

- Crohn's Disease
- Multiple Sclerosis
- Rheumatoid Arthritis
- Myasthenia Gravis
- Ulcerative Colitis
- Osteoporosis
- Alzheimer's
- Hyperlipidemia
- and many more!

This care is provided in our state-of-the-art infusion centers in all of our locations - Auburn, Camillus and East Syracuse - with physicians and IV pharmacists on-site. So, you never need to worry about the quality of your care.

If you or someone you know is looking for medical infusion care they can trust, tell your provider you want to go to HOA! We will work with them to streamline your care, including verifying insurance coverage and/or offering financial assistance.

HOA offers personalized care, when you need us and where you need us!

Addressing Health Disparities at HOA

April 6-12 is Health Equity Week, and the perfect time to shine a spotlight on our Health Equity Coordinator Carmen Natal, pictured here.

Carmen works with HOA patients to:

- Address housing, transportation, and food insecurity
- Ensure access to medication and healthcare services
- Support patients identifying as being in distress

Access to nutritious food, safe housing, affordable transportation, and more, impacts health outcomes. Through patient and community partnerships, we help address these factors and minimize health disparities (or differences) throughout our community.

Working with various HOA team members, our Health Equity Coordinator helps create equal opportunities for all our patients by providing support that meets individuals where they are. Our goal is to help address avoidable inequalities through community collaboration and referrals.

If you or a loved one needs assistance from our Health Equity Coordinator, please ask your care team for a referral.
